## FOUR LEVELS OF COORDINATION

# Portuguese Recovery and Resilience Plan

## GOVERNANCE MODEL

## Task-force «Recovering Portugal»

- Negotiate and monitor the execution of the portuguese RRP
- Monitor the implementation of the portuguese RRP reforms and investments
- 

- Contracting with the respective beneficiaries of the funds the corresponding conditions that they should put in place during the execution of the investments

- 
- Provide technical support to the teams of the government areas coordinating the RRP reforms and investments and to the direct and intermediary beneficiaries
- Preparing and submitting to the European Commission requests for disbursement of half-yearly funding, collecting the necessary information from the competent authorities
- Implement a management and internal control system
- Adopt effective and proportionate anti-fraud measures, taking into account the identified risks

# RECOVERY AND RESILIENCE PLAN
